

TJ POWER FIT

(September 4- October 7, 2018)

Power skating is designed to enhance skating power, speed and agility while performing skills used in the game of hockey. Sessions will focus on skating technique, foot speed, edge control and transitions. Skills will be geared to skater/group skill level.

Additional skills

Puck work will focus on proper skating technique and stick handling while performing drills. **Shooting and Passing Technique** will be included

Conditioning will occur in all sessions

Groups

Boys and Girls Combined

Goaltenders are encouraged to participate in the Camp to enhance their skating skills

Groups will be divided according to skill level and hockey level. Groups will be adjusted accordingly, which may also include assessment during the first session.

ICE Sessions

Groups, ice times and dates, will be provided beginning of August. Notification/ confirmation will be sent via email at that time to include your group, ice schedule and any additional information.
